

Digital books that fit your portable lifestyle

VitalSource Bookshelf

You are a new kind of student. You grew up with computers in the home and in the classroom. You know how to use technology; you are not a slave to it, and VitalBooks are one of the most important technologies you use.

VitalBooks take advantage of an Internet connection when it is there, but are completely portable when it is not...or when **you choose** not to be online. If you don't want all those online distractions when you study, or if you just want to enjoy a beautiful afternoon without being stuck in a dusty computer lab or library, VitalBooks are the digital textbooks you want.

So much more than just a picture of a book

Unlike the other e-book formats that offer you little more than pictures of pages—pictures you often can't even copy from or print—VitalBooks are smart, searchable, interactive, and **complete** versions of the actual textbooks required for your classes. So, you can trust the content and—because you are part of a new generation of learners—you know how to use the tools that come built in to every Vitalbook. These are tools that:

- * help you **study**,
- * help you **collaborate**,
- * help you get your work done **faster**, and
- * often **save** you a lot of **money**.

Why VitalBooks?

- VitalBooks **download** directly to your computer (just like your music files)
- You get your book the moment you need it
- You can often save a lot of money
- You get **advanced search** and organization tools
- VitalBooks are much more than just a picture of a book, you control page views
- Get the weight out of your backpack
- Powerful study and collaboration tools
- The more books you add, the better the software gets

Buy your books like you buy your music

Download your free copy of **VitalSource Bookshelf 4.0** today and start looking through the built-in store for VitalBook versions of your required and recommended textbooks.

When you find what you want, simply purchase and immediately download to your computer...just like your music files.

Use the "send Feedback..." feature to tell us what other books you'd like to see added.

Faculty members, school administrators, and school bookstore managers can start offering their new generation of students the digital textbook options they want today. Faculty can contact VitalSource or talk to their publisher reps to make sure VitalBook versions are available on their campus.

State-of-the-art study tools

VitalBooks have a variety of built-in study tools that help you get the most from your study effort.

| | |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Study | <ul style="list-style-type: none"> ● Highlight ● Make notes ● Search across multiple books ● Search notes, tables, graphics |
| Collaborate | <ul style="list-style-type: none"> ● Share your notes and highlights ● Subscribe to friends notes and highlights ● Sync your annotations across multiple machines |
| Impress | <ul style="list-style-type: none"> ● All your books in your laptop, not on your back ● Great savings on textbook costs ● Buy or rent many titles |

And more...

- Work online or off
- Copy-and-paste with bibliographic support
- Search your entire library in seconds
- Subscribe to notes and highlights
- Full search of tables and graphics

Set yourself apart as a learner

The computer has been an indispensable part of student life for years; unfortunately, in many cases it has become **just one more heavy thing students have to carry around** in addition to books and supplies. Until now.

With VitalBooks you don't have to carry all those hundreds of pounds of books around on your back.

Now, VitalSource has created a digital format that balances all the study and collaboration power students want with the trusted content their teachers require.

Get VitalBooks and get all of your books off your back and into your laptop. Plus, start benefiting from state-of-the-art learning and collaboration tools today.

After all, you are a new kind of student.
